

VOLVO C30

People, get ready.

This might be the smallest Volvo but it functions at a very high level. Get ready.

This is a ride you'll want to share.

Life is better lived together.
Volvo. for life

A white Volvo C30 is shown from a low-angle perspective, driving through a tunnel. The tunnel's interior is illuminated by a series of bright, circular lights along the ceiling and walls, creating a sense of depth and motion. In the background, another car is visible, blurred due to motion. A large, semi-transparent red rectangle is overlaid on the right side of the image, containing white text. The text is centered and reads: "Overstimulation is not a crime (in Sweden)." Below this, a smaller paragraph of text is also centered within the red area. The overall scene conveys a sense of speed and modern technology.

Overstimulation is not a crime (in Sweden).

With the high-performance five-cylinder turbo-charged engine that brings 227 hp, a 6.2 second 0–60 (with manual transmission), a top speed of 146 mph, and more styling options than ever, Volvo, with complete knowledge and forethought, offers the C30 in America with no apologies. Mature adults, in some parts of the world, will not stand for the machinery of such merry-making. That's why Americans, such as yourself who believe in freedom, are being encouraged here to fight maturity at every turn (while wearing seatbelts, of course).

Like caffeine and sugar. Only safer.

A spark is all it takes and you're off: Quick, determined, and ready for what the road may bring. The Volvo C30 delivers an inspired mix of performance and passion. This may be the smallest Volvo but it functions at a very high level. The premium Volvo feel is evident in every detail. A smooth running engine responds instantly even at low revs. Of course, handling is exceptionally sweet. Long trips? No worries. Tuck into one of four great seats and enjoy the ride. Elevated levels of enthusiasm are common for all passengers but if your seat has the steering wheel, don't let the music stop.

Adult-strength stress relief now in capsule form.

This generous four-seater gives you and three of your friends the space and convenience to travel in comfort. The floating center console presents intuitive controls for the audio and climate systems. The front seats adjust to suit height, reach, lumbar support and legroom – power seats* can even memorize settings. The wide door openings and the sliding front seats make getting in and out of the rear seat simple. With high quality materials throughout the cabin, you'll immediately feel the reassuring presence of years of Volvo's expert craftsmanship and attention to detail.

*Included in the optional preferred package

Sense appeal (including your sense of direction)

Integrated into your Volvo for effortless operation, these features offer navigation and communication that let you keep your eyes and hands where they're most needed during a drive: on the road and on the wheel. A seamless way of reducing distractions and keeping you focused – sensible convenience that adds to your sense of security.

Volvo Navigation System (VNS) with RTT (Real Time Traffic)*

Volvo's GPS-based VNS navigation system is totally integrated into your car. It offers both voice guidance and graphic navigation all the way to your destination. Via TMC (Traffic Message Channel) radio data broadcasts, VNS also lets you know if there's traffic or weather-related trouble en route and recommends an alternative. The VNS system is easily controlled from the steering wheel or a remote, and the screen is positioned so you can keep your attention on traffic. Volvo's Navigation System includes Map Care which provides two map data updates at no charge.

*Optional T5 R-DESIGN only, custom build for C30 T5.

Maps do not cover all areas or all routes within an area. Also constant expansion and rebuilding of the road network mean that the digital map database is not always the latest road information. Always follow relevant regulations and road information.

Integrated Bluetooth® handsfree system*

Bluetooth® technology enables a cell phone to be connected to the audio system in your Volvo – wirelessly. Once configured for a cell phone, the system automatically recognizes your phone as you enter the car. You then operate your phone using the buttons in the steering wheel keypad. As you climb in and out of the car, the system automatically allows you to switch freely from the phone to the handsfree system and back again. (May not be compatible with all phones).

*Optional

® The Bluetooth wordmark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Volvo Car Corporation is under license. Other trademarks and trade names are those of their respective owners.

Premium sound. Debauchery measured in decibels.

With a choice of two audio levels – High Performance and Dynaudio Premium Sound* – each configured to the cabin's ambient acoustics – the Volvo C30 has a sound system that makes the most of your music. The world-class components are mounted in the dashboard separately from the controls on the floating center stack and the control buttons on the steering wheel.

*Included in the optional preferred package

Volvo Sirius satellite radio (std R-DESIGN, optional T5) Satellite radio is now available for your Volvo. Volvo has joined forces with Sirius to offer an integrated satellite solution that is sure to provide endless listening enjoyment.

The ten Dynaudio high-end loudspeakers of the Dynaudio Premium Sound system are powered by a 5x130 W Alpine digital amplifier. There are two separate speakers – woofer and tweeter – in each door, and in the side panels at the rear seats there is a similar set-up. Each speaker has a crossover filter to maximise fidelity. The latest generation Dolby® surround system with a center loudspeaker and sound processor recreates authentic sound with a strong sense of presence for everyone in the car – a Volvo world first. The digital Class D amplifier features a new technology to provide extremely high efficiency, enabling it to generate the most audio power from the least amount of current.

Volvo iPod® music interface

The iPod interface allows you to connect and have complete control of your iPod directly from the car's audio system. Use the audio system's controls to search for music by artist, album, song or musical style.

Dynaudio Premium Sound (Optional)

Our top-of-the line audio system designed for perfect sound dynamics, featuring 10 loudspeakers by Danish specialist Dynaudio. With Dolby® Pro Logic® II surround sound for an authentic audio experience in all seats. Premium Sound includes:

- MP3 and WMA compatible CD player
- 10 loudspeakers by Dynaudio
- 5x130 W digital Class D amplifier
- Dolby® Pro Logic® II surround sound
- AUX input

High Performance (Standard)

A powerfully versatile system. Each loudspeaker is fitted with a powerful magnet and a large coil. In combination with the amplifier, this system promotes excellent transient reproduction and high power – quite simply superb sound. High Performance equipment includes:

- MP3 and WMA compatible CD player
- 8 High Performance loudspeakers
- 4x40 W High Performance amplifier
- AUX input

**This is not a car.
It's a movement.
A school of thought.
A plan of action.**

**Ok, maybe it is just
a car. But it's your
car, so let's keep it
your car.**

Volvo safety doesn't stop when you park your car. Personal security is a full time job. For example, on your way to or from the car at night your path can be lit up. With keyless drive*, the doors unlock as you grasp the handle. Should you encounter an emergency situation, the optional alarm can be activated with your hand-held remote control. The combination of sturdy door locks and an electronic immobilizer is an effective theft deterrent.

*Included in the optional preferred package

Safety comes naturally.

It's in the genes – an uncompromising ambition to both protect and celebrate life. It's human nature. And it's what makes a Volvo a Volvo. For decades, we've created cars that both encourage people to enjoy life and offer protection in the event of an accident. In fact, thousands of people all over the world can say they're still alive because of a Volvo. This is not by coincidence. Our founders stated that safety is, and will always be, at the heart of what we do. As a result, Volvo is recognized the world over for our passion to provide the safest cars on the road.

The protective character of a Volvo also encompasses the world we share. As far back as 1972, Volvo was the first car manufacturer to acknowledge the environmental downside of cars. Since then, we've been committed to reducing the environmental impact of the cars we make and how we make them. Therefore, choosing a Volvo will never be something you do just for yourself. Not that you can't, but our cars will always consider the well-being of more than one. Even if those people happen to be outside your car or are part of future generations. It's just the way we are.

Innovations for life.

- In 1959, Nils Bohlin, a Volvo safety engineer, invented the three-point seat belt. So important is this invention that it is considered to be one of the most life-saving technical innovations in the history of mankind.
- In 1976, Volvo Cars was the first car manufacturer to introduce the three-way catalytic converter with an oxygen sensor for exhaust emission control. Today virtually all gasoline-powered cars are equipped with this ingenious component – just as indispensable for the environment as the three-point seat belt is for safety.

These are only two examples of Volvo's most important safety and environment innovations. You'll find a lot more on www.volvocars.com/corporation

"Cars are driven by people. Therefore, the guiding principle behind everything we make at Volvo is – and must remain – safety."

*Assar Gabrielsson and Gustaf Larson,
founders of Volvo*

After 36,000 crashes, you begin to know what you're doing.

The best way to learn what really happens before, during and after a car crash is to be there. Since 1970, Volvo's Accident Research Team has investigated accidents involving Volvo cars on Swedish roads. Today, our own statistical database contains over 36,000 accidents with more than 60,000 occupants.

Our accident researchers are on stand-by 24/7. If there's an accident involving a newer Volvo car within 60 miles of Göteborg, our researchers are instantly alerted by the rescue team. In addition to studies on the scene of the accident, our researchers also investigate what happened before the crash to understand how to improve the driver's ability to avoid a collision.

Volvo Cars Safety Center – the world's most advanced crash laboratory

Based on the findings from our accident research, we can recreate a variety of real-life traffic situations and crashes. Beyond numerous virtual crash tests in super-computers, we perform around 450 crashes each year. We crash test car-to-car at different speeds and with other kinds of vehicles and road obstacles. We perform frontal impacts, rear impacts, side impacts and roll-over tests and test cars off-road as well as against genuine Swedish granite rock-face – we can even simulate impacts with wild animals.

If you make it here, you make it anywhere

Other car manufacturers come to Sweden for final car testing under harsh and capricious conditions. For us it's home. Our own proving ground, Hållered, with its 34 miles of test tracks includes different road types from all over the world. Here we scrutinize our cars' ability to support their drivers in all imaginable and unimaginable situations during thousands of test miles – not to mention the distances driven on ordinary Swedish roads.

Our engineers spent more than 80 years designing this car.

You're looking at one of the safest cars in the world. Not because this car displays the highest number of airbags in the industry (it probably doesn't), but because of how well the different safety technologies interact to keep the occupants out of harm's way. What's more, what you see is the result of the collected efforts from generations of dedicated Volvo safety engineers. So if you share our passion for safety, this may be the most exciting image in the whole brochure.

In a frontal collision the patented frontal structure will yield to help absorb crash energy, while longitudinal steel struts in the doors help disperse crash energy away from the front to the rear of the car. The compact power train is designed to help optimize deformation. Inside the car, seat belts interact with the collapsible steering column and multi-stage airbags to help keep the occupants out of harm's way. A steel strut under the dashboard helps prevent components in the engine bay from intruding into the cabin.

In a roll-over the extremely sturdy safety cage and reinforced roof structure will help protect the occupants while the seat belts help keep them restrained in their seats. If the car first has been hit from the side, the Inflatable Curtain (IC) deploys to help provide head protection and help keep the occupants inside the cabin.

In a side impact Volvo's unique Side Impact Protection System (SIPS) helps protect the occupants. The extremely strong door and side structure is designed to help withstand a severe side impact – even with a larger vehicle. The side airbags in the front seats help protect the chest and hip, while the Inflatable Curtain (IC) adds head protection.

In a rear impact the rear deformation zones will help absorb crash energy. The fuel tank is designed to remain well protected in front of the rear axle. The head restraints help protect the neck and spine, and Volvo's unique Whiplash Protection System (WHIPS) cradles the front seat occupants in a controlled manner to help prevent whiplash injuries.

Maximize your experience. Not your carbon footprint.

We believe it's more fun to drive a car that cares both for people and the environment – be it outside or inside the vehicle. Utilizing advanced engine technology and emission control, the Volvo engines are designed to combine high performance with low environmental impact. This caring attitude continues inside your Volvo. Here you and your passengers can experience one of the automotive industry's cleanest and healthiest cabin environments. It's as enjoyable as it is responsible. Just as you would expect of a Volvo.

Emission controls

All Volvo engines comply with stringent international environmental requirements. Advanced emission control eliminates between 95 and 99% of carbon monoxide, hydrocarbons and nitrogen oxides from engine exhaust gases. The catalytic converter is positioned to provide optimum exhaust conversion sooner after cold starting.

Low emission interior

To ensure that you and your passengers are not exposed to harmful emissions or unpleasant odors, we test individual upholstery and interior trim items as well as complete interiors in the Volvo Environmental Laboratory in Sweden. All upholstery materials and interior textiles also comply with Oeko-Tex Standard 100 – an international benchmark for human ecological safety of textiles. All leathers are tanned by a process that only uses vegetable or synthetic substances instead of chromium. In addition, several interior details made of metal are tested for contact allergies – they even meet the same nickel leakage requirements as jewelry.

Custom build...

Polished or painted alloy wheels, leather seats, 6-speed manual or 5-speed Geartronic transmissions, Dynaudio Premium Sound system, Dual Xenon headlights and 4,999,995 additional ways to make the C30 your customized mode of transport. You've grown up with the ability to personalize your world. From the jeans you wear, the gear you carry, the iPods and the computers you choose represent an important and personalized picture of your style. So why not take the opportunity to create a C30 that's factory built to match your exact specifications. Volvo's Custom-Build-Feature is all about "free will." When you want your C30 to look different than any other car on the road, talk to your Volvo retailer about a personalized C30...it has your name all over it.

Note: Not all custom build features listed are available for the C30 R-DESIGN model.

Boredom is not an option.

As you define your own style and specify your needs, there's a range of equipment levels, factory installed options and Volvo Genuine Accessories that can help reflect your taste or simplify your tasks. Each item is made to complement the design and function of your Volvo C30 – with the fit and

finish you'd expect for a premium car. Interior materials are allergy tested and all Volvo Genuine Accessories and options are tested according to exacting Volvo standards for safety and with consideration for the environment. If you can't wait to see your new car, build it online at www.volvocars.us

Factory-installed options.

Bluetooth® hands-free system

This hands-free system will recognize your Bluetooth® compatible cell phone as you enter the car and seamlessly takes over, allowing you to switch freely from the cell phone to the hands-free system. Just touch the blue button and the Bluetooth® hands-free system will listen to your command and make calls for you. The system's sound quality with noise reduction optimizes for all parties in conference calls. May not be compatible with all phones.

The Bluetooth trademark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Volvo Car Corporation is under license. Other trademarks and trade names are those of their respective owners.

Power moonroof

This makes the interior feel extra light and airy. The touch of a button fully opens and closes it and, if the sun is too strong, you can always close the built-in sun-shade.

Sirius satellite radio (Std T5 R-Design)

Satellite radio is now available for your Volvo. Volvo has joined forces with Sirius to offer an integrated satellite solution that is sure to provide endless listening enjoyment.

Volvo Navigation System (VNS)

Integrated in the dashboard and controlled from the steering wheel, VNS helps you find the shortest route to your destination and includes Real Time traffic updates to help avoid congestion. Audible guidance is provided when necessary. The display shows your current location, as well as the time and distance remaining to your destination. It's concealed when not in use, and opens up at the touch of a button. Volvo's Navigation System includes Map Care which provides two map data updates at no charge.

Five-speed Geartronic automatic transmission

For the best of two worlds, there's the five-speed Geartronic – a responsive automatic that's ideal for relaxed driving, tough conditions or towing. This also allows manual gear shifting so you can maintain a lower gear to enable higher rpm or for the added assistance of engine braking. A special winter setting makes it easier to move off and maintain grip on slippery surfaces.

Accessories.

For driving freedom

- 6 Disc in dash CD changer/ MP3 compatible
- Engine block heater
- Park assist front
- Park assist rear
- Sirius Satellite Radio
- iPod® music interface
- Volvo alarm system
- Volvo hands-free with Bluetooth

For precious cargo

- Booster cushion and adjustable backrest
- First aid kit
- Jumper cables
- Padded neck cushion
- Sun screen
- Warning triangle

Exterior Styling

- Body kit and tailpipes
- Carbon fiber kit
- Chrome and aluminum wheels
- Mud flaps, front and rear
- Roof spoiler
- Volvo license plate frames
- Volvo valve stem caps

For your leisure

- Canoe/Kayak carrier
- Car cover
- Cargo box
- Load basket (roof mounted)

Roof mounted load carrier

- Ski carriers
- Snow chains
- Snowboard carriers
- Surfboard carrier

For your interior comfort

- Ashtray
- Bottle holder
- Cargo compartment cover

- Cup holder
- Eye glass holder
- Floor mats rubber
- Load lashing straps (cargo area)
- Load securing net (cargo compartment floor)
- Luggage compartment mat (rubber)
- Luggage compartment mat (textile)
- Net pocket side panel
- Rear bumper cover
- Rear seat armrest
- Waste paper basket

Interior Styling

- Color coordinated dash trim kit
- Décor panel kits
- Gear knob aluminum
- Gear knob wood
- LED, Under-dash Lighting Kit
- Sport floor mats
- Sport gear shift gaiter
- Sport pedals
- Sport steering wheel in wood
- Sport steering wheel with aluminum inlays

CLIMATE PACKAGE

- Heated front seats
- Headlight washers
- Rain sensor wipers

Volvo C30 specifications

ENGINE

Five-cylinder in-line engine. Double overhead camshafts and 20 valves. The five-cylinder engine features continuously variable valve timing on both the inlet and exhaust side. Electronic engine management system. Three-way catalytic converter with heated oxygen sensor. The T5 also features a turbocharger and dual-charge air coolers (Intercoolers). Boasting variable all-valve timing, this high-performance power source delivers an exceptionally quick and powerful response throughout the entire range of rpm. It complies with stringent emission standards, such as California's ULEV II.

Volvo C30 T5 (227 hp)

Engine type: 2.5-liter five-cylinder turbocharged engine
Max. power output: 227 hp at 5000 rpm
Max. torque: 236 lbs./ft. at 1500–5000 rpm
Acceleration 0–60 mph: 6.2 sec
Top speed: 146 mph
Fuel consumption, mixed cycle, man/auto: 19/19 City, 28/28 Highway, 23/23 combined
Environmental classification: ULEV 2
Transmission: Six-speed manual or five-speed Geartronic automatic

DRIVELINE

Front wheel drive. Transverse engine. Six-speed manual transmission. It is also available with a five-speed Geartronic automatic allowing manual shifting. The smooth manual six-speed transmission inspires an active driving style, while the smooth clutch operation affords confident take-off. For the best of both worlds, there's the option of Geartronic – a responsive five-speed automatic for relaxed driving. It can also be shifted manually so that you can maintain a lower gear to bring up the revs or provide the added assistance of engine braking.

CHASSIS

Front suspension with spring struts (McPherson), anti-dive and anti-lift function. Multilink independent rear suspension. Stabilizer bars front and rear. Version 2.0 includes a sport tuned dynamic chassis for spirited driving. Dynamic Stability system can help counteract a skid. The rigid body enables the suspension to perform optimally—for well-balanced handling and a high level of comfort. The front and rear suspensions also interact to provide stable braking and smooth steering. The DSTC system assists if either of the drive wheels begins to lose traction, and adds the benefit of counteracting if a skid is imminent.

STEERING

Power-assisted electro-hydraulic rack and pinion steering. Tilt and telescopic steering wheel column. 2.6–2.9 turns lock to lock (depending on wheel size). Turning circle 38.1 ft, depending on wheel size. Behind the wheel, you can enjoy responsive yet firm steering at all speeds. High steering precision and balanced road feedback are easily enjoyed benefits.

BRAKES

Power-assisted anti-lock disc brakes (ABS), ventilated discs front. EBA (Emergency Brake Assistance). EBD (Electronic Brake Distribution) between the front and rear brakes. Diagonal-split braking system. Powerful anti-lock disc brakes help ensure a short stopping distance under all circumstances and withstand tough use without fading. EBA helps you use your brakes to the full in an emergency situation, while EBD distributes the braking effect between the front and rear wheels in order to achieve optimal results according to the car's load and driving conditions.

FUEL TANK

15.9 US gallons

Meet the family

C

Volvo C30 The compact and charismatic SportsCoupe.

Volvo C70 A convertible when you want it.

Volvo C70 A coupe when you need it to be.

To live life is to care about it.

Every moment in a Volvo is a moment designed to celebrate life. A life full of twists and turns, ups and downs; the little things as well as the big ones. Of course, to live life to its fullest isn't just about you; caring for others is important as well. For more than eighty years we have helped save lives on roads around the world. Nevertheless, when it comes to improving automotive safety, we will never be satisfied. And while we're seeking new solutions, our existing safety systems help prevent many accidents from happening and provide some real protection when they do. Our passion for life means looking after our children's children, too. Which is why we try to balance the needs of our company with those of society. With this bigger picture in mind, we develop engines and technology that have less impact on mother earth. This approach also explains why we pay so much attention to your immediate environment – in the car. Simply put, we care about you – and the whole circle of life.

Taking care of your ownership needs.

It's a simple idea; one point of contact for all your car ownership needs, whether it's finding the right financing or who to contact in an emergency. Get the most out of owning your Volvo.

Volvo Car Finance North America

If you purchase or lease your Volvo through Volvo Car Finance North America, you can take advantage of services designed to make financing simple and convenient. Quick Debit, for instance, enables you to have your monthly payment automatically debited from a designated bank account. For more information, call 1-800-770-8234 or visit www.volvofinance.com

On Call roadside assistance

Whenever you need us, we're just a phone call away. Our nationwide network of retailers and authorized service providers are ready to assist. Whether you require roadside assistance or maps and routing information for your next trip, refer to your On Call Card and dial 1-800-63-VOLVO – anytime, day or night. Your complimentary four-year membership activates the moment you become a Volvo owner.

Volvo new car warranty

Your new car warranty provides comprehensive coverage for four years or 50,000 miles, whichever occurs first. Additional warranties cover corrosion, seat belts, the supplemental restraint system, emission systems, genuine Volvo replacement parts and genuine Volvo accessories. Should you encounter any problem with your Volvo, simply contact the nearest retailer for assistance. Where your warranty ends, Volvo Increased Protection (VIP) plans begin. To purchase the additional protection of a VIP plan, contact your local retailer.

Complimentary Factory Scheduled Maintenance

Volvo is committed to a premium ownership experience for its customers. To further enhance your ownership experience, all 2009 model year Volvo's sold new through Volvo retailers in the United States will include Complimentary Factory Scheduled Maintenance. This program provides scheduled maintenance coverage for the first 3 years or 36,000 miles, is designed to compliment your Volvo warranty, and will help ensure trouble free operation of your Volvo. Coverage includes factory recommended maintenance including oil and filter changes, checks and adjustments as listed in your Warranty and Maintenance Records Information booklet, for the first four maintenance services at intervals of 7,500, 15,000, 22,500 and 30,000 miles

Service must be performed within 1,500 miles before or after each scheduled interval. Coverage is limited to scheduled maintenance items listed in the 2009 model year Warranty and Maintenance Records Information booklet. Normal wear items such as brake pads and wiper blades are not covered under the Complimentary Factory Scheduled Maintenance. An authorized retailer must perform maintenance. Offer is transferable.

Optional Factory Scheduled Maintenance program upgrades are also available that will allow you to customize coverage to meet your driving needs. See your Volvo retailer for details.

Volvo genuine service

The best way to ensure superior performance year after year is to bring your Volvo to your authorized retailer for regular maintenance. Our service advisors and factory-trained technicians are uniquely qualified to maintain your automobile. With the aid of advanced Volvo diagnostics, they follow all prescribed factory maintenance outlined in your service interval manual. Genuine Volvo Service is our ongoing commitment to you: to keep your Volvo performing smoothly long after other cars have given up.

Volvo mobility program

The goal of the Volvo Mobility Program is to assist persons with physical disabilities or hearing impairment achieve independence. For those with exceptional transportation needs, freedom can be facilitated within the extraordinary comfort and safety of a specially adapted Volvo. For additional information on this program, please contact the Volvo Mobility Program Headquarters at (800) 803-5222 or visit www.volvocars.us/mobility. TTY users are invited to call 1-800-833-0312.

Personal shopper

The Volvo Personal Shopper is dedicated to providing you with a whole new level of shopping convenience. Whether you'd like help identifying the Volvo model that best fits your lifestyle, detailed information on any Volvo model, or a comparison against the competition, Volvo is there to help. We can arrange a Guest Drive for you at your nearest Volvo Retailer. So make the most of your shopping time and call the Volvo Personal Shopper at 1-800-550-5658. (U.S. only)

Clean colors

To reduce usage of environmentally hazardous solvents all Volvo exterior colors are water-based. What's more, our painting facilities are among the cleanest in the world. Certain exterior colors are only available as custom orders. Please ask your Volvo retailer for details.

* Metallic paint is an option.

Please note: It is not possible to reproduce exact original shades in printed matter. Please ask your retailer to show you samples.
