VOLVO XC90

Price and Specification | Model Year 2021 | Edition 7

YOUR OWN XC90 IS IN REACH

The Volvo XC90 is the summit of everything we've learned about luxury car making in Volvo's 90-year history. It possesses contemporary Scandinavian design and craftsmanship, both inside and out. It drives like a car, yet its refined strength gives you the capability to go anywhere in style. Close the doors of your first-class cabin, breathe its carefully filtered, clean air and the stresses of the city fade into the background. The exterior design tells the world you have arrived, while the interior design communicates a sense of opulent luxury, calm and well-being. Speak commands, touch the screen - you're in complete control.

This uniquely intuitive Volvo driving experience - plus Volvo's legendary safety - means you will always reach your destination unruffled and calm. And if you demand the latest in power and efficiency, our Recharge Plug-in hybrid technology gives you both.

¹⁾ All models are type approved to WLTP (Worldwide harmonised Light-Duty vehicles Test Procedure) standards. WLTP is the new official test regime for passenger cars replacing the New European Driving Cycle (NEDC) test. WLTP emission figures will be used to calculate the vehicle tax on vehicles first registered from 1st April 2020 and from 6th April 2020 for company car Benefit-In-Kind purposes. The exact CO₂ figures of the vehicle will vary according to any options and packs specified.

²⁾ Vehicles with a retail price over £40,000 (including paint, options, packs and delivery costs) when new, pay an additional £325 per year on top of the standard rate, for five years from the start of the second licence.

³⁾ P11D value for Benefit-In-Kind purposes is the retail price plus delivery charge. BIK % is shown for the 2020/21 tax year.

⁴⁾ All 'On The Road' prices quoted in this price list include Volvo standard national delivery charge, inclusive of number plates and VAT at £745 and vehicle tax as 1st April 2020 (as set by the government). This charge does not include any provision for fuel. The On The Road price also includes a £55 first registration fee (as set by the government – excludes Channel Islands and Isle of Man). Recommended retail prices quoted do not include these additions.

⁵⁾ Figures shown reflect standard vehicle without options. The Volvo car configurator can display the estimated CO₂ and vehicle range according to selected packs, options and wheels. Your retailer will be able to confirm the CO₂ and EAER values once the vehicle order has been confirmed by the factory for production.
