BEAUTY AND A BEAST
Stunning Volvo 850 T-5R for the limited few

A spectacular limited edition, based on Volvo's high performance 850 T-5 models is starring on the Volvo Stand at Autosports International alongside the 1994 BTCC Volvo 850 estate racer.

Finished in head-turning cream yellow, the new 850 T-5R is powered by a 2.3-litre turbocharged engine which produces a massive 240bhp compared with the standard T-5's 225bhp.

And it sets a pace that leaves many 'performance' cars trailing in its wake, reaching 62mph from rest in just 6.9 seconds and running to a top speed that is limited to 155mph.

Exclusivity is also standard in the 850 T-5R package with just 2,500 examples of the car available worldwide, with a mere 200 of those earmarked for UK customers.

Modified Turbo
At the heart of the car is a modified turbocharging system for the five-cylinder engine which gives an increased boost for no more than 30 seconds. The smoothness and flexibility of the standard 850 T-5 has not
been sacrificed though, ensuring that the T-5R is a pleasure to drive in all traffic conditions.

In addition to the eyecatching exterior paintwork, the T-5R gains a lower, more aggressive front spoiler and foglamps as standard, whilst the 17" graphite grey alloy wheels shod with Pirelli P-Zero tyres are obviously inspired by Volvo's involvement in BTCC racing.

This wheel and tyre combination, along with lowered suspension and stiffer springs, ensure that the T-SR has a handling package that places driver enjoyment firmly to the fore.

But like all Volvo's the T-SR can also seat five people in comfort and offers an impressive list of standard safety features including ABS, driver's side airbag, integrated rear child seat, five three-point safety belts and Volvo's unique SIPS (side impact protection system) and SIPS airbag.

**Leather and wood trim**

The interior of the T-5R also reflects its limited edition status. The dark grey leather seats are trimmed with a suede-like material called Amaretta, as are the door panels and steering wheel.

Wood inlays in specially black-tinted walnut surround the instruments, gear lever and centre console to add to the car's air of exclusivity. A final touch are the black floor mats with the T-5R logo stitched in yellow.

Apart from the choice of saloon and estate versions, customers for the T-SR can also order either a five-speed manual or four-speed automatic gearbox.
Most of the cars scheduled to reach UK customers are already sold to enthusiasts and collectors.

Prices are £27,800 for the saloon and £28,840 for the estate.
850 T-5R SPECIFICATION

Output: 240bhp at 5600 rpm
Torque: 300 Nm at 2000 - 5600 rpm

Cylinders: 5
Bore 81 mm
Stroke 90 mm
Cubic capacity 2319
Compression ratio 8.5:1
No of valves 20

Top speed 155 mph
0-62 mph 6.9 seconds (Saloon)
7.0 seconds (Estate)
