WHY WE INNOVATE

Because you have a wave to catch
And a mountain to climb
Because you promised the kids to go skiing tomorrow
Because you need a break
And sometimes a brake
Because elks don't read road signs
And neither do cows or kangaroos
Because parallel parking should be a cakewalk
Because you appreciate beauty and craftsmanship
Because you love the feel of hand-stitched nappa
Because you like your coffee hot and your water chilled
Because you have blind spots
Because it's been a long day
And you deserve a massage from your car seat
Because you don't have eyes in the back of your neck
Because you want to be in control
Because you expect to be entertained
And informed
And occasionally pampered
Because you forgot where you parked
Because you would rather share than own
Because there are road works today
Where there were none yesterday
Because we want to impress you
And that isn't easy
Because you care about the future
Because we live on a finite planet with finite resources
Because you're human
Because time is not money, but life

WHEN WE INNOVATE, THE CAR IS NOT TOP OF MIND.

We admit it. You fascinate us. We think and talk about you all day. Everything about your life – its ups and downs, joys and disappointments, needs, demands, frustrations and hopes – captivates us.

So when we innovate, every detail – from service design right down to the teeniest screw – has to justify itself to you. Does it add anything? Is it useful?

All this time spent thinking about your life has allowed good things to happen. Perhaps you didn't know, but we have a vision that by 2020 nobody dies or is seriously injured in a new Volvo. Nice-sounding words? Not at all, it's realistic and achievable.

We know you live a rich, fulfilling life in almost every way. We say almost, because there's one commodity you seem to be short of. Time. So by 2025, we aim to pack every new Volvo with enough smart solutions to free up a whole week of quality time per year. 168 hours to do with as you please.

We also know you care about the future of the planet. That's why our Drive-E technologies allow you to drive sustainably – without compromising on performance. We know you want to stay connected to the world around you. Our Sensus solutions ensure you are. We know you always want to feel in control. Our IntelliSafe technologies not only help to save lives, but also give you more enjoyment behind the wheel.

And we know you're interested in self-driving cars. Each day we take pioneering steps in our quest to deliver a safe and relaxing autonomous driving experience. The same goes for fully electrified powertrains. And even smarter services.

We happily walk the extra mile to give you what you want.

You are why we innovate.

DESIGNED TO PERFORM, CRAFTED TO IMPRESS

The luxury sedan, redefined.

When we designed our new executive sedan we had a single aim: to create a car that would redefine the idea of luxury. The result is the Volvo S90, a car that blends the best of Scandinavian design with advanced technology to give you a new experience, beyond the commonplace and everyday. A new kind of luxury. Swedish luxury.

The powerful, low-slung body, with the classic Volvo hallmark of a wide and muscular shoulder line, expresses the car's intent. It's confident and assured, the embodiment of a design philosophy that extends inside the car, where you'll discover a cabin crafted from exceptional materials such as Swedish crystal and flame birch.

In the S90, technology supports you without overwhelming you. From semi-autonomous driving technology that makes driving both safer and more enjoyable to the T8 Twin Engine plug-in hybrid powertrain, each of the advanced features has been engineered to improve every journey.

Underneath the crisply sculpted exterior lies a chassis that delivers the perfect combination of precise handling and first-class comfort.

Smart technology keeps you seamlessly connected with the car and the world around you. And with the very latest in safety innovations, you will travel safe in the knowledge that your S90 will help looking out for you, your passengers and other road users.

Elegance, craftsmanship and technology – this is how a modern luxury sedan should be.

Inscription

721 Mussel Blue metallic |
20" 8-Spoke Silver/Diamond Cut, 214

Classically Volvo, distinctly modern. Combining powerful proportions with Scandinavian subtlety elevates the S90 beyond the everyday. The long bonnet and low roofline suggest power and grace, while the sculpted shoulder line identifies the S90 as a Volvo.

Small details make a big impact. Fine detailing and bold shapes combine to create a strong impression. Integrated tailpipes add to the design's coherence, while the shape of the LED rear lights gives the S90 real presence, whether moving or stationary.

Inscription

721 Mussel Blue metallic |

DESIGNED FOR CONTROL

*Precision and accuracy
at every touch.*

From the moment you settle into the sculpted driver's seat you're in control. You sit low in the S90, with the 9-inch centre display with touch screen angled towards you to create the feeling of a cockpit. You're surrounded by an environment where beautiful materials and advanced technology meet, creating a cabin that looks great and works perfectly.

The exceptional craftsmanship enhances the feeling of precision. Take the air vents, for example. With a metal-finish vertical strip and distinctive diamond-pattern surfaces for the control knobs they are beautiful to look at and a pleasure to use. In the S90 every component moves with the accuracy afforded by fine engineering. It is a car that gives you control over every part of your journey.

EXPERIENCE A NEW WAY TO TRAVEL.

Travel first class in every seat, every day. Because when you're in the S90 you're in your own private lounge, a place where comfort and luxury combine with technology and craftsmanship.

It starts with the front seats. Sculpted to complement the human form, they provide superb support and a huge range of adjustment, so everyone can find the ideal seating position. The shape of the backrests increases legroom for passengers in the rear, and individually controlled heated rear seats mean everyone benefits from the same levels of comfort.

At night the cabin glows with the warmth of its interior lighting, welcoming you into the car. The optional high-level illumination includes backlit door handles and illuminated tread plates, as well as additional interior lighting that enhances the exclusive ambience.

Our CleanZone technology helps ensure a healthy interior environment and clean cabin air. It filters dust, pollen, particulates and odours while monitoring the air quality and closing the intakes if pollutant levels rise too high. It happens automatically – all you need to do is set the temperature you want and the S90 does the rest.

Optional four-zone climate control allows rear seat passengers to choose their own settings using a dedicated touch screen. It also includes an air-conditioned glove compartment that keeps its contents cool.

You'll appreciate the details that make your life easier and more pleasant. For the power operated boot lid there's an optional hands-free function, so you don't have to put down what you're carrying to open it. In the S90, technology and convenience go hand in hand.

In the driver's seat you're in charge. Control functions such as navigation and entertainment from the steering wheel buttons, while the 12-inch driver display keeps you informed.

Every element of the cabin is crafted to make form and function one. The door handles can be backlit, making them easier to find in the dark.

Beautiful, natural materials such as Linear Walnut complement the car's advanced technology, creating a uniquely contemporary look.

STAY CONNECTED AND IN COMMAND.

We create technology to serve you and make life easier. Everything that's complicated or doesn't add to your experience is removed.

You control your Volvo intuitively and easily. And seamlessly connected with the car and the world around you, you're in command of every aspect of your journey.

Instead of a multitude of physical buttons, you find a large, 9-inch centre display with touch screen. It's as easy and straightforward to operate as your smartphone, with bold, clear graphics so you can keep your attention on the road. The touch screen blends seamlessly with the car's clean interior design and is easily operated. You can even operate it wearing gloves.

Essential driving information is clearly presented in our 12.3-inch driver display. It adapts to your needs, preferences and surrounding light, so information is always shown on your terms.

For even better control, our head-up display projects vital driver information at a comfortable view distance. It looks like the graphics hover in front of the car, which allows you to stay informed without taking your eyes off the road.

Your Volvo also listens to you. Keep both hands on the steering wheel and speak naturally: our voice control will carry out your command to operate climate control, navigation, entertainment and your smartphone.

In a Volvo, you and your car act as one.

Sensus Navigation

Let Sensus Navigation guide you, inform you and help you find the best route. Road directions are clearly shown in the driver display, centre display and head-up display. Touch screen controls allow you as well as your passenger to operate the system conveniently and safely. Or talk naturally to your Volvo, and let our voice control carry out your commands while you having full attention to traffic. With the Volvo On Call app, you can also send the destination to your car before you go. And helping to save time, our in-car navigation apps can help you find and pay for parking, share your location with friends or simply find the best coffee in town. If you drive our T8 Twin Engine plug-in hybrid, the navigation system can also help you optimise the use of pure electric power all the way to your destination. Free life-time map updates ensure your navigation system is always up to date.

FEEL THE MUSIC.

Inside the cabin of your Volvo you can enjoy an audio system designed to put you closer to the music you love, wherever you're seated.

All our audio systems are tailored to the acoustics of your Volvo. Our audio philosophy is very simple: it's all about the soul of music, not the number of speakers or watts. And together with the audio specialists at Bowers & Wilkins and Harman Kardon®, we have created some of the best-sounding audio systems in the class.

Our new audio system, Harman Kardon® Premium Sound, delivers a beautifully balanced, powerful sound. This immersive experience is enabled by 14 hi-fi speakers including an air-ventilated subwoofer that produces a bass sound you'll feel in your body.

Harman Kardon® Premium Sound is developed together with the hi-fi specialists at Harman Kardon®. Powered by a 600W digital amplifier, the 14 speakers are tailored to the acoustics inside your Volvo and deliver a powerful, high fidelity surround sound experience. A unique sound processing software – Dirac® Unison Tuning – optimises the response of each individual speaker as well as the speakers all together to ensure they perform in perfect harmony. So wherever, you're seated, you and your passengers can enjoy a seamless first-class listening experience in all conditions and – not least – an extremely unified and tight bass sound.

If you're truly passionate about music, the Bowers & Wilkins audio system will take the experience to an even higher level. The 19 separate high-end speakers – including a tweeter-on-top centre speaker that minimises acoustic reflection from the windscreen and our unique air-ventilated subwoofer – will surround you with a powerful, pristine sound that feels more spacious and true to life than ever.

It's all about music and making it possible for you to experience it just as it was intended when it was created.

Our Bowers & Wilkins audio system integrates seamlessly with the cabin architecture of your Volvo to deliver the most realistic immersive sound possible. Innovative audio processing technology with three room modes allows you to recreate the acoustics of a specific room inside your Volvo, bringing you even closer to the music. And to enable extremely low and undistorted bass tones, the air-ventilated subwoofer uses innovative technology that allows it to pulse large amounts of air, actually turning the cabin into one big woofer.

Smartphone integration. Use your smartphone in a smarter way. Via Apple CarPlay™ or Android Auto™, you simply integrate the familiar functions and interface of your smartphone* with the car's centre display. You can enjoy music, make calls and send messages easily via the car's touch screen, steering wheel buttons or voice control.

*Supports iPhone® (5 or later) or Android smartphones (5.0 Lollipop or later).

Intuitively connected. You operate the audio system and hands-free phone easily using the touch screen controls, steering wheel buttons or voice control. Bluetooth® connection also allows convenient streaming of music via your phone. Within easy reach on the car's touch screen, there's also a Spotify® in-car app that makes finding new music quick and easy without you having to connect your phone. Using Volvo On Call, you can also create a wifi hotspot in your car with a stable internet connection for your and your passengers' mobile devices.

VOLVO ON CALL. YOUR PERSONAL ASSISTANT.

The **Volvo On Call app** connects your car with the rest of your world, helping make life less complicated. It's there when you need it, so your car becomes more than just a means of travel – it's your personal assistant.

You can use it to make your car ready for the drive to the office, or the drive home, by remotely cooling or heating the cabin. It can help you find a parking space, then take you straight to it. You can sync your Volvo On Call app with your calendar, so if you've got appointments it will tell your car where they are and how to get there. And it keeps you safe, automatically contacting emergency services if you're involved in an accident and telling them where you are.

YOUR DAY MADE EASIER WITH VOLVO ON CALL

From saving you time in the morning to helping you relax on the way home, Volvo On Call can be an indispensable part of your daily routine.

THE PERFECT START

When you get into the car in the morning it's warm and defrosted, thanks to the Volvo On Call app's ability to run the heater. En route, you press the On Call button in the car and ask the operator to send your destination to the car's navigation system, so you don't have to manually enter it.

WHERE NEXT?

A calendar card shows your next meeting. You push a button in the app, sending the address to the car's navigation system.

FIND YOUR CAR

You've forgotten where you parked, so you use the car locator map to find the street and then use the flash lights function to pinpoint the car.

REMOTE CONTROL COMFORT

You set the parking heater to warm the car interior so it's ready for when you leave the office.

READY FOR A NEW DAY

A notification reminds you that you've got a meeting in the morning. You send the location to the Sensus Navigation system and set the parking heater timer to come on before you leave.

13.00

17.15

17.45

22.20

DELIVERIES TO YOUR CAR

The shoes you ordered yesterday using In-car Delivery are delivered to the boot of your Volvo (expected late 2018).

14.45

You get a notification that your order has been delivered to the boot of your car.

WIFI ON THE GO

You head for home. Using the wifi hotspot you can stream music via your phone to the car's audio system.

PILOT ASSIST. DESIGNED TO MAKE DRIVING SAFER AND EASIER.

Our latest advances in semi-autonomous driving technologies allow you to enjoy smooth, intuitive driving from standstill up to motorway speeds.

To make driving in demanding traffic less stressful, we created Pilot Assist and Adaptive Cruise Control. This means your Volvo automatically helps you maintain a safe distance from the car in front of you by adapting your speed while helping to keep you centred in the lane by automatically making small steering adjustments. It's intelligent too: using map data from the car's navigation system, the car identifies hills ahead and adapts the speed to help optimise your comfort and safety.

This technology also makes driving in stop-and-go traffic more effortless. Maintaining the set distance, your car follows the car ahead of you and brakes automatically to full stop when needed. And if the car in front just makes a short stop, your car starts following it as it takes off again.

This is driving made safe and easy, with the aim to optimise your control, comfort and convenience.

Please note: The driver is always responsible for how the car is controlled, the functions described here are only supportive.

CITY SAFETY TECHNOLOGY. YOUR PRO-ACTIVE PARTNER ON THE ROAD.

With advanced pro-active safety technology we add extra power to your senses and enhance the confident feeling of being in control.

At the heart of our safety technologies is City Safety. By helping you to keep a lookout and brake or steer away if necessary, it makes driving more enjoyable while helping to prevent accidents.

City Safety can identify other vehicles, pedestrians, cyclists and large animals ahead of you, even at night. It warns you if needed and can brake automatically to help you avoid a collision or reduce the impact. And our advanced Oncoming Mitigation by Braking technology – a Volvo safety world first – can detect if there's another vehicle driving towards you and brakes automatically to help mitigate the impact.

Your Volvo can also support if you're forced into a rapid evasive action at speeds between 31 and 62 mph. As you begin to steer away, City Safety can help you do it as effectively and safely as possible by braking the inner wheels individually and reinforcing your steering input.

City Safety is simply your perfect co-pilot: pro-active when it's needed, and staying discreet in the background the rest of the time.

Oncoming Mitigation by Braking

A Volvo Cars safety world first, this innovation can detect vehicles heading towards you on the wrong side of the road. If a collision can't be avoided, it will brake your car automatically to help reduce the effect of a collision.

Oncoming Lane Mitigation

Using automatic steering assistance, this system helps you avoid collisions with oncoming vehicles. If you drift across the lane markings in the way of an oncoming vehicle, your car steers back.

Lane Keeping Aid

If you're about to cross a lane marking unintentionally, the Lane Keeping Aid will gently steer your car back into its lane. If this is not enough or you keep steering across the lane markings, you'll be alerted with vibrations in the steering wheel.

Run-off road Mitigation

Stay safely on the road with this Volvo Cars safety innovation. If Run-off road Mitigation detects you're about to leave the road unintentionally, it uses steering input and, if necessary, brake support to guide you back on track.

BLIS™ with Steer Assist

BLIS™ alerts you when a vehicle enters your blind spot or approaches fast from behind. If you nonetheless drift into the path of another vehicle, BLIS™ can gently steer you back into your lane.

Active Bending LED Headlights with Active High Beam

To give you the best view, our Full-LED headlights allow you to drive with high beam on all the time, without dazzling others. It detects road users ahead of you and automatically shades the part of the high beam that would dazzle them.

PERFECT PARKING. EVERY TIME.

In a Volvo, you can enjoy smooth parking.

Our navigation system gives you access to an in-car app that helps you find the nearest free parking space. When parking, you're supported by front and rear park assist functions that alert you if there are obstacles in your way. And by adding our 360° camera, you get a detailed bird's eye view of the area surrounding your Volvo – a great help when you reverse or manoeuvre in confined areas with impaired visibility.

If you want, our Park Assist Pilot can park the car for you. It measures the parking space, and if the space is at least 1.2 times the length of your car it can park by taking over the steering. Park Assist Pilot handles both parallel and perpendicular parking, and can also assist when leaving a tight parallel parking space.

And to make it easier when you reverse out of a parking space, Cross Traffic Alert helps you keep a lookout on approaching vehicles in your blind sectors.

360° camera

The 360° camera uses images from discreetly mounted cameras to create a bird's eye view of your car and its closest surroundings. In the centre display, you can see obstacles all around you, which makes it easier to park and manoeuvre in tight spaces.

PROTECTING WHAT'S MOST IMPORTANT.

Protecting you and your passengers has always been at the heart of every car we make, and the advanced safety features in your Volvo are the result of decades of passionate innovation.

In a Volvo, it's the interaction between all the safety features that determines how efficiently the car will protect you and your passengers in a collision. Everything, from the design of the seats to the surrounding safety cage and the safety belts and airbags, works together to help minimise the strain on all occupants and maximise protection.

The front seats not only provide world-class comfort. They are also designed to protect you in the event of an impact. Our unique whiplash injury protection helps protect your back and neck if your

car is hit from behind. And in a run-off road scenario, the energy-absorbing front seat structure will help protect your spine in a hard landing, should the car become airborne.

Your Volvo can even sense and prepare for impact. The optional prepared front safety belts tighten automatically if the car detects that a collision is likely, to ensure you're in the safest position should one occur.

It's this range of safety technologies and attention to detail that makes your Volvo a safe place to be.

Crash-absorbing front seats

The sculpted front seats in your Volvo are more than just beautiful to look at. Their unique structure helps to absorb vertical impacts, helping to protect your spine if the car lands heavily after leaving the road. It's another example of how we make every part of a Volvo work harder for your safety.

Volvo safety cage

The passenger compartment uses a high percentage of ultra high-strength boron steel to create a protective cage around everyone inside the car, while front and rear deformation zones help dissipate the crash energy. The safety belts and airbags work together to cushion you and your passengers in a controlled fashion.

Child safety

At Volvo Cars we've spent decades continually researching and improving child safety. Our unique approach includes creating and carrying out tests based on real-life traffic situations, as well as testing our child seats alongside our cars. With our latest range of child seats, we offer unparalleled protection.

ENJOYING MORE. USING LESS.

With the perfect balance between performance and efficiency, every Volvo powertrain gives you a great drive with low fuel consumption and reduced emissions.

The combination of lightweight, low-friction engine design and advanced boosting technology allows you to enjoy outstanding performance and a smooth, agile driving experience. Smaller engines lose less energy through friction so they can make every drop of fuel work harder to minimise emissions. We've used low-friction components to make them run smoother and more efficiently. Reduced size and weight also frees up interior space and contributes to the car's dynamic handling.

This innovative approach also makes driving fun. Choosing the 235hp D5 diesel powertrain, you can enjoy PowerPulse. At lower speeds and from standstill, it activates the turbocharger as soon as you press the accelerator to give an instant boost of acceleration. It's Volvo technologies like this that allow you to experience the power of a much larger engine from a compact four-cylinder, so you get the perfect mix of power and efficiency.

All our powertrains are quiet and smooth to give you a relaxing journey. In our diesel engines, for example, the i-ART injection technology precisely meters exactly the right amount of fuel for each cylinder to make the engine run more smoothly while using less fuel. And to help minimise health-impairing emissions, the latest generation emission control with Selective Catalytic Reduction reduces emissions of nitrogen oxides (NO_x) by up to 90%.

The precise eight-speed automatic gearbox makes the most of each engine's potential, designed to minimise power loss and maximise performance, always selecting the right gear for whatever is coming next, or you can choose to change gear yourself in manual mode.

The powertrain can also adapt to the mood you're in. Select Comfort, Eco, Dynamic or Individual mode with our drive mode control, and the powertrain, steering and optional active chassis adapt instantly to your preferences.

Whichever powertrain you choose for your Volvo, you will enjoy the benefits of responsive power and uncompromised efficiency – simply a great drive.

POWER WITHOUT COMPROMISE.

With advanced powertrain technologies, such as electrification, we aim to provide you with an unrivalled driving experience. The high-performance T8 Twin Engine AWD with plug-in hybrid technology allows you to enjoy an involving drive as well as cutting CO₂ emissions.

The combination of a high-performance four-cylinder petrol engine and a powerful electric motor offers the power and performance of a much larger engine, but use much less fuel. The 303hp petrol engine drives the front wheels and the 87hp electric motor powers the rear, giving instantaneous acceleration and on-demand all-wheel drive.

With just the electric motor powering the car, you benefit from silent, emissions-free driving and an electric-only range of over 28 miles, which is ideally suited to daily commuting.

Four different drive modes offer precise control over the car's powertrain. Hybrid mode uses petrol and electric power for the best balance of power and efficiency while Pure uses the electric motor only for zero-emission driving. Power combines the full output of the

petrol engine and the electric motor for the best performance, while AWD switches to full-time all-wheel drive. Blend your favourite elements of each mode and create a mode that's tailored to your needs by selecting Individual.

Controlling this technology is intuitive and straightforward. A beautiful machined-alloy roller switch allows you to flick easily between modes. And if you've chosen an Active Four-C Chassis your car automatically selects the best chassis settings to complement the drive mode, allowing you to enjoy the drive while your Volvo does the work.

Charging the battery is quick and easy. Drive the car and the battery charges itself, thanks to regenerative braking. If you need to top it up, just plug it into the mains supply. Adding to your convenience, the Volvo On Call app shows battery and charge status. It also allows you to remotely schedule battery charging using a timer function.

The T8 Twin Engine AWD gives you the best of both worlds. Power without compromise.

Made from Orrefors® crystal glass, the gear selector in the T8 blends traditional Swedish materials with advanced design and technology.

The combined power of a turbocharged petrol engine and a responsive electric motor makes the S90 T8 a true performance saloon.

Plug your T8 Twin Engine into our specially-designed wall box at home and charge it conveniently and safely. Fully charged, the battery will provide enough electric-only power to cover the average daily commute of many people.

T8 Twin Engine AWD | Inscription
707 Crystal White pearl | 20" 10-Spoke
Silver/Diamond Cut alloy wheels (accessory)

The way we've designed the T8 Twin Engine gives you more than just efficiency – you will notice how well balanced and responsive the car feels on the road, and how quickly it reacts to changes of direction. By mounting the electric motor over the rear axle and fitting the battery along the car's centreline, we've given the S90 with near-perfect weight distribution, a key element in creating agile handling.

The battery's location helps give the S90 a low centre of gravity, so it is stable, sure-footed and comfortable. And because the battery is not in the boot, you get the same luggage capacity in the T8 Twin Engine as you do in all other S90 models. Our cars are designed from the outset to use plug-in hybrid technology, so your experience with them is never compromised.

Inscription

721 Mussel Blue metallic |
20" 8-Spoke Silver/Diamond Cut, 214

DRIVEN TO PERFECTION.

We designed the S90 from the ground up for precision and comfort. That's why the sophisticated suspension gives you the best of both worlds. Accuracy and precision when you want it, backed up by comfort and technology to make every drive enjoyable.

Double wishbone front suspension works in harmony with integral link rear suspension to give you precise control over the car. Advanced driver aids such as stability control and understeer control logic keep the S90 stable, improving the way it handles corners. All-wheel drive models provide even greater reassurance on demanding roads.

You can choose between four drive modes that allow you to tailor the car's behaviour to your mood and find the perfect setting for the road you're on. Altering the engine, gearbox, accelerator and steering response changes the way the car behaves. Gearshift paddles increase your control further.

And when you come to a stop, the S90 helps you to get going again. Hill Start Assist makes pulling away on an incline effortless by holding the car on the brake until you press the accelerator. Auto Hold keeps the brakes on after you've released the pedal, so you can let the car do all the work in stationary traffic.

SIGN UP TO THE FUTURE.

Welcome to the future. Where a simple, convenient subscription will revolutionise your car experience. We call it Care By Volvo, a new way to experience Volvo cars, and part of our vision to give you back more time to do the things you love.

For one fixed monthly cost, with no down payment, you can have access to your own Volvo model. And we take care of everything else: insurance, tax, maintenance and servicing. It is convenient, transparent and hassle-free. And as the service is flexible, once you've subscribed, you can borrow other Volvo models for short periods of time* – if you need a larger car, for instance.

Making use of our exclusive concierge services, which will vary depending on your location, will allow you to make better use of your time. And because you get to drive the latest Volvo models, you benefit from our progressive technologies and innovations.

Better still, because you don't own the car in the traditional sense, you don't take any of the responsibility. Your future proof yourself against unexpected costs.

This is the future of motoring. This is the luxury of simplicity. Available from Volvo Cars today.

VOLVO S90

YOUR JOURNEY BEGINS HERE.

We created the S90 with one single purpose: to provide you with a car that perfectly fits you and your lifestyle. A car that meets your expectations of a dynamic drive with refined comfort and sophisticated design – built with care for people and the world we share. A car that's intuitive to use and makes life less complicated, and is a pleasure to live with every day.

At the heart of your S90 is a dynamic, efficient powertrain. Whichever you choose, you will enjoy our latest Drive-E technology that gives you instant response and a smooth ride. Fuel consumption and CO₂ emissions are kept low, and our powertrains comply with all exhaust emission legislations.

Our Drive-E powertrain range includes advanced diesel and petrol engines mated to our smooth eight-speed automatic gearbox or a distinct six-speed manual gearbox, available with responsive AWD all-wheel drive technology or front-wheel drive. And for the ultimate combination of performance and efficiency in your S90, there's the option of our T8 Twin Engine AWD powertrain with plug-in hybrid technology.

Make your choice, and enjoy the journey wherever it takes you.

T8 Twin Engine AWD

Our T8 Twin Engine plug-in hybrid powertrain delivers an exhilarating drive with uncompromised efficiency. Combining a high-performance petrol engine and an electric motor, this 303hp+87hp/400Nm+240Nm powertrain allows outstanding highway performance and zero emission commuting – with all-wheel drive capability when needed.

T5

The 250hp/350Nm T5 AWD petrol powertrain is as responsive on the highway as it is in the city. This superb all-rounder delivers generous power just where you need it, ensuring excellent drivability in combination with our smooth 8-speed automatic gearbox.

T4

With the T4 190hp/300Nm petrol powertrain you can enjoy a smooth, responsive and highly efficient driving experience. Optimised turbocharging with full torque from low to medium revs and our smooth 8-speed automatic gearbox put you in control of your drive.

D5 AWD

Our most powerful 235hp/480Nm diesel powertrain D5 AWD allows you to experience performance and refinement without compromises. Twin-turbo engine technology, our 8-speed automatic and all-wheel drive add to instant control.

Volvo S90 Momentum

The high level of standard equipment meets your demands on style, comfort and safety.

Volvo S90 Inscription

The highly sophisticated expression of Swedish luxury.

Volvo S90 R-Design

The thrill of a spirited drive, characterised by style, responsiveness and control.

CREATE THE VOLVO S90 OF YOUR CHOICE.

Our approach in everything we do is to always put people first. This also includes allowing you the freedom to create a Volvo that perfectly matches your style and personality.

To ensure you get your S90 exactly as you want it, we have created a wide range of options, trim levels and personal expressions. Already as standard the S90 Momentum provides you with the poise and tech-

nology you need as a discerning driver. Maybe you want to indulge your senses in the finest Swedish luxury? Then you'll feel at home with S90 Inscription. Or if you're in for a more sporty style inside and out – take a look at S90 R-Design. Whatever you prefer, you can rest assured there's a Volvo S90 for you. Read on, and see what your S90 will look like.

VOLVO S90 MOMENTUM. THE RIGHT EQUIPMENT FOR YOUR DRIVE.

Choosing a Volvo S90 Momentum is easy. This standard equipment level will provide you with a high level of technology that will meet high demands on style, comfort and safety. For example, you can enjoy the control provided by our 12-inch driver display and Sensus Connect with enhanced connectivity – such as the intuitive operation of our 9-inch centre display with touch screen and voice control – and the clear sound reproduction of our High Performance audio system. Volvo On Call connects with your car with your smartphone and gives you access to a wide range of smart services. Our electronically-controlled dual-zone climate system ensures you and your passengers can enjoy a comfortable cabin climate in all temperatures – the driver and front seat passenger can adjust the temperature to suit individual preferences. And of course: you get our world-leading IntelliSafe technologies including the award-winning

City Safety collision avoidance technology, Lane Keeping Aid, Road Sign Information, Run-off road Mitigation, Oncoming Lane Mitigation and IntelliSafe Assist with semi-autonomous driving technologies such as Adaptive Cruise Control and Pilot Assist as standard.

Our signature head lights with LED illumination together with stylish 17-inch or 18-inch alloy wheels will add to the exclusiveness of your S90.

On the inside, aluminium tread plates welcome you every time you enter the cabin of your Volvo. The stylish Leather upholstery and Iron Ore decor inlays further complement the interior ambience. A power adjustable 2-way lumbar support for the front seats makes it easy to optimise the support to your needs. And when it's dark, the upgraded interior illumination enhances the luxurious feeling inside your S90.

S90 MOMENTUM

Includes:

Exterior:

17" or 18" alloy wheels (depending on your choice of powertrain) | Automatically dimmed inner rear-view mirror | LED headlights with automatic lever adjuster | Visible end pipes in chrome | Front grille high gloss black with chrome frame | Fully colour adapted sills and bumpers | Park assist, rear | Retractable rear-view mirrors

Interior:

2-way power adjustable lumbar support, front seats | Comfort seats with Leather upholstery | Textile floor mats | CleanZone | Leather-clad steering wheel | Iron Ore decor inlays | Aluminium tread plates, front and rear | Manual adjustable driver's seat

Sensus:

12.3" driver display | 9" centre display | High Performance audio system | Sensus Connect | Remote control buttons in steering wheel | Volvo On Call

Inscription

A HIGHER GRADE OF LUXURY.

We created the exclusive S90 Inscription to meet your highest expectations on Swedish luxury. It's a highly personal expression that evokes a strong sense of elegant refinement. Each detail is carefully selected to give you and your passengers a sophisticated and invigorating experience. Distinguished exterior design cues enhance the luxurious look and feel of the S90, while the

meticulously crafted interior gives you ample room for a relaxed driving experience. The S90 Inscription epitomises our proud heritage of human-centric design. And when it comes to intelligent luxury imbued with distinctive style and fresh thinking, the S90 Inscription is in a class of its own – just like you.

S90 INSCRIPTION

Includes S90 Momentum equipment level plus the following:

Exterior:

18" Alloy wheels | Bright deco exterior with embossed Inscription side moulding | Dual integrated tailpipes | Foglights in front spoiler

Interior:

Comfort seats with Fine Nappa Leather upholstery | Inscription mats, front and rear | Illuminated metal tread plates | Interior high level illumination | Leather key remote | Linear Walnut decor inlays | Power driver seat with memory function for seat and side mirrors | Power passenger seat

INSCRIPTION PRO

Includes Inscription equipment level plus the following:

Heated Washer Nozzles | Headlight Cleaning System | Heated Steering Wheel | Head-up Display | Active Bending LED Headlights | Perforated and Ventilated Nappa Upholstery |

20" 8-Spoke Silver/Diamond Cut, 214

1

2

The highly sophisticated S90 Inscription expresses the essence of contemporary luxury. Instantly recognisable thanks to its distinctive chrome-finish grille and lower door bright deco moulding, this expression sets the S90 apart thanks to a number of well-judged exterior design cues that correspond with the car's timeless Scandinavian design. Just like beautifully crafted pieces of jewellery design, the ten-spoke Silver/Diamond Cut wheels harmonise perfectly with the metal finish of the bright deco body inlays. Together with the elegant dual integrated tailpipes, the wheels also contribute to the car's confident stance. Our signature LED illumination contributes to both a strong visual identity and excellent vision in the dark. And for an even better and uninterrupted light pattern, you can opt for our advanced Full-LED Active Bending Lights illumination technology.

Every time you open the door, the Inscription tread plates provide an illuminated welcome. The luxurious theme continues with authen-

tic, finely crafted materials that create a lounge-like atmosphere of sumptuous well-being. You and your passengers can lean back in sculpted power-operated Comfort seats with Fine Nappa Leather upholstery, power adjustable 4-way lumbar support and front seat cushion extensions. Decor inlays in exclusive Linear Walnut, Tailored dashboard, Inscription textile mats and our most advanced ambience interior illumination add to the rewarding Inscription experience. And for you as driver, the large 12-inch driver display and convenient drive mode settings in the console between the front seats add to your feeling of being in command.

For an even higher level of comfort you can complement the front seats with ventilation and massage functions. And turning your S90 into a concert hall, our optional high-end audio system Bowers & Wilkins brings exceptional clarity and realism to your music, wherever you're seated.

1. Small details make Inscription, such as the high gloss chrome frames around the door handles. **2.** Inscription front grille in elegant chrome finish and the signature headlights with LED illumination. **3.** The power-operated Comfort seats with Fine Nappa Leather upholstery and front seat cushion extensions and the exclusive Linear Walnut genuine wood decor inlays add to the sensory experience of contemporary luxury. **4.** The lower door bright deco moulding with Inscription logotype. **5.** Our Tailored dashboard enhances the luxurious interior ambience, while the intuitive 12-inch driver display with four graphic modes and the 9-inch centre display with touch screen puts you in the centre of action. **6.** Dual integrated tailpipes and bright deco trim add to an elegant and powerful impression. **7.** Drive mode scroll wheel in diamond patterned metal finish and the Linear Walnut decor inlay. **8.** The exclusive Inscription leather-clad remote key fob is in the same colour as the Fine Nappa Leather upholstery in your S90 Inscription – an excellent example of thoughtful Scandinavian craftsmanship and clean design.

RDESIGN

INSPIRED BY THE ART OF DRIVING.

If you love to drive, the S90 R-Design is for you. With a unique personality, R-Design captures the thrill of a spirited driving experience characterised by style, responsiveness and control. A wealth of distinguished design details raises the dynamic soul of your Volvo and gives it a sportier, more distinct road presence. It's an expression that catches the eye from every angle and hints at the promise of an amazing drive, every time. And you can rest assured that the

S90 R-Design will deliver. Surrounded by meticulously crafted and expressive interior design details, you can feel it right from the moment you take your position in the sculpted R-Design driver seat. Everything – from the R-Design steering wheel with gearshift paddles to the Charcoal headliner – is there to inspire and support your driving. And for an even more energetic, road-hugging drive, the S90 R-Design benefits from an advanced sport chassis.

S90 R-DESIGN

Includes S90 Momentum equipment level plus the following:

Exterior:

18" 5-Spoke Matt Black Diamond Cut alloy wheel | Door mirror caps in matt silver finish | Dual integrated end pipes | Lower front, unique sporty design | Grille with unique mesh in glossy black and frame in silk metal finish | LED foglights in front spoiler | Lower outer grilles, unique design and glossy black | Side window trim in silk metal finish | Body-coloured rear lower insert | Sport chassis

Interior:

Charcoal interior and upholstery with light contrast stitching | Contour seats with R-Design logotype | Fine Nappa Leather/Nubuck textile upholstery | Charcoal headlining | Interior high level illumination | Metal Mesh Aluminium decor panels | Manual cushion extension, driver and passenger seat | Front and rear illuminated tread plates with R-Design logotype in the front ones | Gearshifter knob in perforated Fine Nappa Leather and light contrast stitching | Gaiter with light contrast stitching | Key Integrated Remote in Perforated Fine Nappa Leather | Textile mats with light contrast stitching | Sport pedals in aluminium with rubber inserts | Light Amber stitching with Tailored dashboard | Sport steering wheel with light contrast stitching and R-Design symbol | 4-way power adjustable lumbar support, front seats

R-DESIGN PRO

Includes R-Design equipment level plus the following:

Tinted Windows | 20" Alloy Wheels (n/a T8 Twin Engine)

R-Design

720 Bursting Blue metallic | 21" 5-Double Spoke
Matt Black/Diamond Cut alloy wheels

1

2

R-Design is Volvo in smart designer sports gear – it's all about a performance-inspired look and feel, both inside and out. It's a truly eye-catching expression with sporty exterior design cues, such as its own distinctive grille in high gloss black with Silk Metal frame, front spoiler, stylish Silk Metal window trim. Bright Silver matt finish door mirror caps, prominent dual end pipes and striking R-Design aluminium wheels. Our signature headlights with LED illumination provide excellent vision and a distinctive attitude on the road. And for an even better uninterrupted vision in the dark, there's the option of the Full-LED Active Bending Lights.

On the inside, the illuminated R-Design tread plates in Silk Metal finish greet you onboard. The refined sporty theme continues with Metal Mesh decor inlays, Charcoal headlining, our exclusive Tailored dashboard and semi-powered R-Design Contour seats with a unique Nubuck Textile/Fine Nappa Leather or optional Fine Nappa Leather upholstery. Together, these features give the cabin a technical, cockpit-like feel. R-Design logotypes in the head rests, distinctive stitching in the seats and the gear shifter and the steering wheel in perforated leather all reinforce the sporty yet elegant ambience.

The adjustable front seat cushion extensions further enhance your thigh support for improved comfort during long drives. And when it's dark, our most advanced interior illumination enhances the exclusive ambience inside your S90 R-Design. Further adding to your sense of being in control, the R-Design also provides you with our largest 12-inch driver display and the option of steering-wheel mounted gearshift paddles that enhance your control by allowing quicker manual shifts. Conveniently positioned in the tunnel console between the front seats, there's also a drive mode control that allows you to shift between four driving characteristics – Comfort mode, Dynamic mode, Eco mode and Individual mode.

Behind the R-Design steering wheel in Perforated Fine Nappa Leather, you can enjoy the dynamic response and feedback from quicker steering and a finely tuned sport chassis. Lower and firmer, this chassis features adjusted anti-roll bars and stiffer springs for a more responsive handling and less roll when cornering. The mono-tube design rear dampers respond more quickly for improved body control in all conditions, resulting in a sporty road-hugging drive without you having to compromise ride comfort.

1. The R-Design steering wheel in Perforated Fine Nappa Leather with gearshift paddles and the 12-inch driver display with four graphic modes. 2. The 21-inch Matt Black/Diamond Cut aluminium wheels for the ultimate R-Design experience (optional). 3. The Carbon Fibre decor inlays add to the dynamic, hi-tech ambience inside your S90 R-Design (optional). 4. R-Design door mirror caps in contrasting silver look. 5. The R-Design interior featuring the R-Design steering wheel, gear shifter and gaiter in Perforated Fine Nappa Leather with contrasting stitching, Tailored dashboard with light Amber stitching, Contour seats with exclusive Fine Nappa Leather upholstery (optional) and Carbon Fibre decor inlays (optional). 6. Dual integrated end pipes for a distinctive road presence. 7. The glossy black R-Design grill with frame in Silk Metal finish and unique glossy black lower outer grilles add to the dynamic character of your S90 R-Design.

The exterior leaves no doubt about the intention of your S90 R-Design. The exterior colours are carefully selected to match the car's dynamic character, each with its unique expression – especially Bursting Blue metallic. Exclusively created for R-Design, this colour adds a techy, sporty look that perfectly highlights the body inserts

in high-gloss black and silk metal finish. The powerful 18-inch, 19-inch, 20-inch or 21-inch R-Design alloy wheels in expressive design enhances the car's dynamic yet sophisticated look, putting your Volvo in a class of its own.

ACCESSORIES. YOUR S90, YOUR WAY.

Make the S90 your own with Volvo styling accessories; the perfect addition to your new car. Choose the exterior styling package with chrome inserts for an even more elegant look. Or enhance the dynamic character of your S90 with our exterior styling package

with body-coloured inserts. And especially for your S90 R-Design, we've created an exterior styling kit with glossy black inserts that adds to the car's exclusive appearance. You can also select individual components as separate accessories.

R-Design
720 Bursting Blue metallic | Exterior styling package with glossy black inserts |
21" 5-Double Spoke Matt Black/Diamond Cut alloy wheels

R-Design exterior styling package with glossy black inserts. Designed to perfectly complement your S90 R-Design, this exterior styling package with high-gloss black inserts allows you to create an exclusive, individual look. The front spoiler combines with the sill mouldings to emphasise the car's low-slung profile, while the split end pipes create an even more powerful appearance. A boot lid spoiler maximises high-speed stability and makes your S90 R-Design look even more dynamic. This exterior styling kit is also available with body-coloured inserts. The optional 21-inch 5-Double Spoke alloy wheels in Matt Black/Diamond Cut add to a superior road presence.

Inscription

721 Mussel Blue metallic | Exterior styling kit with body-coloured inserts |
21" 5-Spoke Fan Silver Bright alloy wheels

Momentum

714 Osmium Grey metallic | Exterior styling package with chrome inserts |
21" 10-Open Spoke Turbine Tinted Silver/Diamond Cut alloy wheels

Exterior styling package with body-coloured inserts. A front spoiler and sculpted side sill mouldings with body-coloured inserts accentuate the car's low stance, while a boot lid spoiler hints at the potential performance. Integrated dual split end pipes and a body-coloured rear diffuser create an even more purposeful appearance. The optional 21-inch 5-Spoke Fan wheels give the S90 even more presence, whether it's moving or standing still.

Exterior styling package with chrome inserts. The front spoiler lip adds definition to the front end, while the chrome insert highlights the car's width. A boot lid spoiler makes the S90 look even more dynamic, and the sill mouldings emphasise the car's sporty, low-slung profile. At the rear, a body-coloured rear diffuser and integrated dual split end pipes give the car a powerful presence. The optional 21-inch 10-Open Spoke Turbine wheels add to the car's elegance and a more powerful visual statement.

DESIGNED FOR YOUR LIFE.

Create an S90 that's perfect for your life, with Volvo accessories that are designed around you and your car.

Our Media Server allows passengers to enjoy large amounts of stored entertaining content via their mobile devices, especially comfortable combined with our sleek iPad® holder. Discreet, slim sunshades provide protection from heat and glare and are integrated into the elegant cabin, retracting neatly when not needed.

The remote control can be personalised to match, or contrast, your car's interior trim, with different exterior casings in genuine

wood or leather. Our new child seats combine comfort with state of the art safety and are designed to fit perfectly into your Volvo. Made from Wooltextile, which is 80% wool, they're durable and tough but also soft and breathable, so your children stay comfortable and safe. Our exclusive booster cushion in genuine Leather and soft Nubuck Textile with adjustable backrest allows a child to travel in comfort safely restrained by the car's safety belt. We apply the same stringent standards to our child seats as we do to building our cars, so you know your children are well protected.

BUILT TO WORK.

Make the S90 work for you with Volvo Cars' range of exterior accessories, designed to look good and work flawlessly. Made from tough, high-quality materials they're built to withstand the kind of punishment meted out by Sweden's winters.

Take advantage of our range of roof-mounted accessories by adding our low-profile load carriers. Easy to fit onto the car's prepared mounts, they instantly allow you to fit our load carrier accessories, from the ski rack to the canoe holder. Our lightweight roof box fits straight onto the load carriers, adding 350 litres to the car's carrying capacity. Ideally suited to carrying skis (and capable of carrying up to six pairs) its Quick-grip mountings make it possible to fit with one hand. Neat touches such as LED lighting in the lid, to help you load in the dark.

A set of Volvo-designed mud flaps deflects road grime and dirt from the car's bodywork and reduces the effects of spray on following traffic.

The electrically folding tow bar gives you the ability to tow and folds discreetly away when not in use. A press of a button inside the load compartment, and the tow bar folds out – all you have to do is lock it into position with one click. If the tow bar is not locked in position or if any of the lights on the trailer cease to function, you'll be alerted in the car's driver display.

Your Volvo Cars dealer can also offer a wide range of winter wheels for safe driving during the wet and cold season.

SERVICE BY VOLVO. A SIMPLER WAY.

When you buy a Volvo, you buy the simplest way to have a car. No matter what your car may need, your authorised Volvo workshop will take care of it for you and make sure that your Volvo stays in tip-top shape.

We have our own approach to service that's personal, efficient, and which takes care of you as well as it takes care of your car. We call it Service by Volvo and it will provide everything you need in the simplest way possible.

Your Volvo Cars dealer offers a whole range of simplifying services all designed around you, ensuring you a carefree ownership experience. Still, this is just the beginning. Soon, you will also get a Personal Service Technician, your car will be ready within the hour and you can relax in our lounge instead of driving back and forth. It's because everything we do is about finding new ways to make life simpler for people, with our cars as well as our service.

HAVE YOU GOT YOUR VOLVO ID?

A Volvo ID allows you to access a whole world of connectivity with your Volvo. With your Volvo ID, you can:

- Access your My Volvo account on
- volvocars.co.uk for car information
- Access internet services and apps in your car, including connected service booking
- When applicable, sign in to the Volvo On Call app and connect with your car from everywhere

CONNECTED SERVICE BOOKING

If your Volvo has Sensus Connect, it will remind you when it needs servicing and offer to contact your Volvo dealer for you. Booking proposals sent from your preferred dealer can easily be managed directly in the car. When the time comes to drive to your workshop, your Volvo will remind you and even guide you there. And since your Volvo tells us what it needs, we can make sure it always receives the service it requires when it gets there.

V O L V O

**Official fuel consumption for the Volvo S90
in MPG (l/100km) ranges from:**

Urban 31.4 (9.0)–52.3 (5.4), Extra Urban 50.4 (5.6)–67.3 (4.2),
Combined 41.5 (6.8)–134.5 (2.1). CO₂ Emissions range from 157–48 g/km.
MPG figures are obtained from laboratory testing intended for comparisons
between vehicles and may not reflect real driving results.
